

VOLUNTEER NEEDED TO PROVIDE MEANINGFUL SERVICE TO COMMUNITY ELDERS!

As part of an AmeriCorps project, the Columbia Land Conservancy is looking for a baby-boomer aged professional to serve as a Volunteer Assistant to help expand CLC's Access for All program.

The volunteer will help expand the program's offerings of nature walks, activities, and environmental education programs to elders in senior living centers, nursing facilities, and throughout the community.

If you enjoy working as a team, and are looking to make a difference in the lives of older adults while earning a little money, this is the perfect position for you. Preferences made to those 55+, have teaching experience, enjoy the outdoors, and love to work with the elderly.

The volunteer will receive a stipend of over \$4,500 for their service during a 12-month period, and will receive an education award with the completion of 900 hours (flexible schedule). The education award can be transferred to the volunteer's child or grandchild.

Funding was made possible by an AmeriCorps ACES award administered by the Foundation for Long Term Care (FLTC), the research and education affiliate of the New York Association of Homes and Services for the Aging (NYAHSA).
